## logitech® C930c USB Webcam with External Privacy Shutter

- **H.264 with Scalable Video Coding and UVC 1.5 encoding technology** - Frees up PC bandwidth by putting video processing within the camera, adjusting dynamically to the available bitstream. The result is a smoother video stream in applications like Skype® for Business.
- **Widest-ever business webcam field-of-view** - Enjoy an extended view – 90 degrees – perfect for presenting using a whiteboard or doing demos.
- **HD 1080p video quality at 30 frames-per-second** - Brings life-like HD video to conference calls, enabling expressions, non-verbal cues and movements to be clearly seen
- **Premium glass lens** - Enjoy razor-sharp images even when showing documents up close, a whiteboard drawing or a science experiment demo
- **Convenient privacy shutter** - Easy lens enclosure for added privacy and security
- **Plug-and-play USB connectivity** - Easily connects to a PC or Mac® with no additional software required
- **Multiple mounting options** - Mount the camera wherever it works best by using the attached clip or the tripod embedded thread
- Logitech RightLight™ 2 technology and autofocus - Webcam intelligently adjusts to improve visual quality in low light at multiple distances
- 4X digital zoom in Full HD 4X zoom at 1080p provides the highest level of detail for your calls, visuals and presentations
- **Pan, tilt and zoom options**
- **Camera dimensions (not including clip):** 94w x 24d x 29h mm

**\$249 + GST**  
ITEM # 960-001260

**1 YEAR WARRANTY**

## j5create® 360° All Around Webcam

- **A Better Webcam for Better Video Calls** - All-in-one virtual meeting device combines HD video with business-grade audio clarity
- **360° Camera in HD 1080p** gives you the ability to capture every person in the room with clarity
- **Built-in omnidirectional microphone** with an audio pickup radius of 10 feet, every participant can be heard.
- **Ultra-Wide Angle Lens with Six Display Modes** - In addition to the generously wide field of view that the ultra-wide angle lens delivers, the versatile display modes provide a flexible and effective virtual meeting solution, whether it's for remote conferencing, online classes, socially distant events or personal meetings
- **USB plug-and-play**
- **Touch Bar Control** is enabled in Host mode or Dual Host mode. Simply swipe on the touch bar to select the host or to control the viewing angle.
- **Reverse the Mirrored Video** - Most video conferencing applications are designed to mirror the video calls by default. Instead of changing the settings, you can now reverse the mirrored video with the built-in reverse feature
- **300cm Cable with Interchangeable Connector**
- **Supports your favourite video conferencing apps:** Skype, Skype for business, Microsoft Teams, Google Meet, Cisco®, Zoom, BlueJeans, Amazon Chime, GoToMeeting & Slack
- **Colour:** White
- **Weight:** 350g **Main Body Dimensions:** 93.5w x 37d x 193h (mm)
