AntiMicrobial Germ Resistant Surface Whiteboard

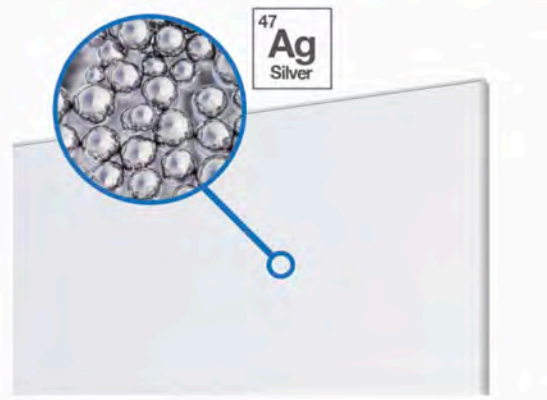

As we all look for ways to make our spaces safer and easier to keep clean, Hygienic surfaces can provide you with peace of mind with its features.

How does it work?

The surface incorporates an additive of silver micro particles designed to eliminate 99.9% bacteria within 24 hours*.

This technique actively works to keep the surface bacteria free for the lifetime of the product making it ideal for a variety of applications in public spaces such as schools, workplaces, airports, public restrooms, healthcare facilities and any demanding environments where cleanliness is vital. The Visionchart LX6 Slim Edge stylish minimalist frame hides all fixtures from the board face giving a totally clean and visually appealing look.

How does it help?

- Hygienic surfaces can provide you with peace of mind
- When multiple people are interacting with the same surface
- When close contact with the surface is required
- To avoid the use of harsh chemical cleaners in closed spaces
- Ideal for environments where cleanliness is vital:

- Slim Edge stylish minimalist frame hides all fixtures from the board face giving a totally clean and visually appealing look
- The whiteboard features a hardwearing magnetic surface for general use applications
- Anti-microbial and eliminates 99% of bacteria within 24 hours*
- Odourless and colourless and scratch resistant surface
- Silver particles are safe and non-transferable from the surface
- Environmentally safe
- Inorganic, smooth, nonporous surface
- Any disinfecting or sanitizing will not damage the surface or the silver micro particles
- Australian Made
- Made To Order - Manufacturing lead time of max. 10-15 working days
