

3 YEAR ON SITE WARRANTY AUSTRALIA WIDE

Education Interactive Flat Panels

Specs across the entire range:

Create a Healthy Learning Environment

- **Smart Eye Care Solutions**
 - **Flicker-free technology** removes LED backlight flickering.
 - **Low Blue Light technology** minimises blue light exposure to reduce eye strain and prevent more critical eye diseases.
 - **Anti-Glare Display** reduces reflection for more legible text & clearer images.
- **Germ Resistant Screen**
The Germ Resistant Screen is empowered by a multi-layer coating of a non-toxic agent that kills most germs accumulating on screen surfaces and helps prevent cross-infection in the classroom.

Facilitate Teaching Flow with Friendly Design

- **Multi-Platform Compatibility**
The interactive flat panel can work seamlessly with a wide range of computing and mobile devices running most major operating systems, from Windows to Mac, Linux and Chrome, through it's plug & play feature.
- **Multiple Multimedia Device Connectivity**
Multiple ports, including 3 USB ports, slot-in-PC port, HDMI 2.0 and an HDMI out for enhanced performance and screen extension.
- **InstaQShare Wireless Solution**
InstaQShare is the software designed for seamless wireless interaction and collaboration in classrooms. It allows smooth streaming of a wide range of visual, audio files and Full HD quality videos. Users can also mirror content from mobile devices, and invite up to 16 people for seamless collaboration.
- **Parental Control**
The website control feature allows for certain websites to be blocked by configuring proxy server settings, which is useful for preventing students from accessing inappropriate content.

Foster Active Learning & Collaborative Interactions: EZWrite 4.0

EZWrite 4.0, pre-installed exclusively on BenQ's IFPs, is the ultimate annotation app designed to facilitate interactive learning with a tap. It offers multiple features, including MS office compatibility, handwriting recognition, screen recording and collaboration tools.
