IPAD STORAGE, CHARGING AND SECURITY

pclocs Putnam Charging Stations

- External Charging Status Display.** With a colour-coded LED charging status display for each slot, easily know if your devices are charging (red) or ready to use (green).
- Efficient Charging.** With 2.4 amp charging at each port, the Putnam Charging Station can charge all devices simultaneously. Charge all devices in approximately the same time it would take to charge 1.
- Pre-Wired.** Equipped with MFi approved Lightning connector cables, the Putnam Charging Station comes with everything you need to lock and charge your devices.
- Compatible.** Designed specifically for iPad but also works with other tablets. Plus, the slot dimensions are optimised to work with most cases and covers.
- Secure.** Fully welded steel construction and a built in mechanical combination lock makes this charging station ultra-secure.
- Lightweight, Small Footprint.** Easily mount the compact unit to the floor, wall or a desk to save even more space. Outer Dimensions (mm):
8-Bay: 378h x 311w x 354d, 16-Bay: 704h x 312w x 35d
- Stackable.** With a pedestal and bracket, you can stack the charging stations to provide additional slots for charging devices.
- No Keys!** With an integrated mechanical combination lock, there are no keys to worry about. Plus, the Charging Station includes a master override key for administrators in case of forgotten combinations.

Designed to charge store & secure 8 or 16 iPad devices
